

SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of: US OSHA Hazard Communication Standard 2024 (29 CFR 1910.1200)

Revision Date: 28 Jul 2026

Revision Number: 1

1. Identification

Product identifier

Product Name Oatmeal Extract

Other means of identification

Product Code(s) RAW1397

Product Type Botanical extract (glycerin-based)

CAS No. Mixture (botanical extract)

Recommended use of the chemical and restrictions on use

Recommended use Botanical extract for use in cosmetic and personal care formulations: creams, lotions, soothing preparations, hair care, and other water-compatible personal care products. For professional formulator use.

Restrictions on use For professional formulator use in the preparation of finished consumer personal care products. Not for direct consumer application in undiluted form.

Details of the supplier of the safety data sheet

Supplier Essentials by Catalina, Inc.
12781 Temescal Canyon Rd.
Corona, CA 92883 USA
Tel: (951) 674-4444
Email: hello@essentialsbycatalina.com

Emergency telephone number

Business hours (951) 674-4444 — Mon – Fri, 8:00 AM – 5:00 PM Pacific

After hours — exposure incidents Poison Control (US): 1-800-222-1222 (available 24 / 7)

This product is not classified as hazardous and is not regulated for transport under US DOT, IATA, or IMDG. Per OSHA HCS interpretation, the emergency contact for non-hazardous, non-regulated products may specify restricted hours provided an after-hours alternative for human exposure incidents is designated.

2. Hazard(s) Identification

Classification of the substance or mixture

This product is **not classified as hazardous** under the OSHA Hazard Communication Standard (29 CFR 1910.1200) or the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS). This product is exempt from OSHA HCS labeling requirements when used as intended.

Label elements

Signal word None required

Hazard statements None required

Hazard pictograms None required

Precautionary statements

Observe standard good hygiene practices.

If medical advice is needed, have product label at hand.

Keep out of reach of children.

Avoid contact with eyes; use as directed.

Hazards not otherwise classified (HNOC)

None known.

3. Composition / Information on Ingredients

This product contains non-hazardous cosmetic ingredients in a glycerin-based formulation and has no hazardous ingredients exceeding regulatory disclosure thresholds under 29 CFR 1910.1200. Full chemical identity and composition have been withheld as trade secret by the manufacturer.

Product base: vegetable glycerin (CAS 56-81-5) is the primary carrier. Additional components consist of water-soluble botanical constituents extracted from oat (Avena sativa). No components present at levels requiring hazard disclosure.

4. First-aid Measures

Description of first aid measures

Eyes	Rinse with water. Remove contact lenses if present and easy to do. If discomfort persists, seek medical attention.
Skin	Generally non-irritating under normal use. If irritation occurs, rinse with water. If discomfort persists, seek medical attention.
Inhalation	Not anticipated under normal use. Move to fresh air if discomfort occurs.
Ingestion	Not anticipated under normal use. Rinse mouth, drink water if needed. Seek medical attention if symptoms occur.
Notes to physician	Treat symptomatically.

5. Fire-fighting Measures

Suitable extinguishing media	Water spray/fog, carbon dioxide, dry chemical, foam.
Special hazards	No data available. Product is generally not flammable.
Protective equipment for fire-fighters	As in any fire, wear full protective gear and MSHA/NIOSH-approved self-contained breathing apparatus (SCBA) in positive-pressure mode.

6. Accidental Release Measures

Personal precautions	None under normal use. Use standard protective measures.
Environmental precautions	Avoid large releases to waterways.
Methods for cleanup	Material may be slippery. Absorb with sand or inert material. Clean area with water or detergent and dispose in accordance with local and national regulations.

7. Handling and Storage

Handling	Use as directed. Handle with proper personal hygiene practices and protect containers from physical damage.
Storage	Keep containers closed to prevent contamination and store at room temperature away from direct sunlight. Keep out of reach of children and pets.

8. Exposure Controls / Personal Protection

Exposure limits	None under normal use.
Engineering controls	Normal room ventilation adequate.
Environmental exposure controls	No information available.
Personal protective equipment	
Eye protection	None under normal use. Safety glasses recommended for bulk / industrial handling.
Skin protection	None under normal use. May cause mild irritation in sensitive individuals. Gloves recommended for prolonged or repeated use.
Respiratory protection	None under normal use.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

Physical state at 25 °C	Liquid
Appearance / Color	Colorless to light yellow
Odor	Characteristic

Property	Value
Odor threshold	No data available
pH	No data available
Melting / freezing point	No data available
Boiling point	No data available
Flash point	No data available
Flammability (solid, gas)	Non-flammable
Upper flammability / explosion limit	No data available
Lower flammability / explosion limit	No data available
Autoignition temperature	No data available
Vapor pressure	No data available
Vapor density	No data available
Evaporation rate	No data available
Specific gravity	1.200 – 1.300
Refractive index	1.450 – 1.500
Solubility in water	Miscible
Partition coefficient n-octanol/water	No data available
Viscosity	No data available
VOC content (%)	No data available

10. Stability and Reactivity

Stability	Stable under normal conditions.
Reactivity	Non-reactive under normal conditions.
Incompatible materials	Strong oxidizers.
Hazardous decomposition products	None under normal use. In case of fire, may produce carbon oxides (CO / CO ₂) and irritating fumes.
Hazardous reactions	None under normal use.
Conditions to avoid	None under normal use. Avoid excessive heat.

11. Toxicological Information

Toxicological data for this product have not been directly determined; however, it is considered safe under intended use. Animal testing is not performed.

Potential routes of exposure	Skin / Eye
Acute effects	No adverse effects expected. Possible irritation in sensitive individuals.
Skin contact	No known effects. May cause mild irritation in sensitive individuals.
Eye contact	No known effects.
Skin irritation	No known effects.
Eye irritation	No known effects.
Skin sensitization	No known effects.
Carcinogenicity	No known effects.
Mutagenicity	No known effects.
Reproductive effects	No known effects.

12. Ecological Information

Ecotoxicity	No data available. Not expected to be harmful.
Persistence / degradability	No data available.
Bioaccumulation potential	No data available.
Mobility in soil	No data available.

13. Disposal Considerations

Disposal methods	Minimize waste whenever possible. Recycle packaging or containers where facilities are available and dispose of contents in accordance with applicable regulations. If no hazardous ingredients are present, standard disposal methods may be acceptable.
------------------	---

14. Transport Information

This product is **not classified as a regulated material** under applicable transportation regulations. No special shipping classification is required.

Field	Value
Proper shipping name	Not applicable
UN Number	Not applicable
Hazard class	Not applicable
Packing group	Not applicable
Marine pollutant	No
US DOT (49 CFR)	Non-regulated material
IATA-DGR (air)	Non-regulated material
IMO / IMDG (ocean)	Non-regulated material

15. Regulatory Information

US Federal Regulations

FD&C Act	This product is regulated by the U.S. Food and Drug Administration (FDA) under the Federal Food, Drug, and Cosmetic (FD&C) Act as a cosmetic ingredient and is safe to use as intended.
TSCA (Toxic Substances Control Act)	Exempt from TSCA inventory requirements. Cosmetic ingredients are regulated by FDA under the FD&C Act rather than under TSCA.
SARA 311/312	Not hazardous. No categories apply.
SARA Title III Section 313	Not applicable — cosmetic ingredient under FDA jurisdiction.
CERCLA	Not applicable — cosmetic ingredient under FDA jurisdiction.
Clean Air Act (Hazardous Air Pollutants)	Not applicable — cosmetic ingredient under FDA jurisdiction.
Clean Water Act	Not applicable — cosmetic ingredient under FDA jurisdiction.
VOC content regulations	Not applicable for botanical extracts.
IFRA	Not applicable — this product is not a fragrance ingredient.

State Regulations

California Proposition 65	Not subject to warning labeling under California Proposition 65.
U.S. State Right-to-Know	Not applicable — cosmetic ingredient under FDA jurisdiction.

16. Other Information

NFPA Hazard Rating	HMIS III Hazard Rating
Health: 0 Flammability: 0 Instability: 0 Special hazards: —	Health: 0 Flammability: 0 Physical Hazard: 0 Personal Protection: A (safety glasses)

NFPA/HMIS scale: 0 = Minimal, 1 = Slight, 2 = Moderate, 3 = Serious, 4 = Severe. HMIS PPE code A = safety glasses only.
