General Information	If symptoms persist, call a physician. Use personal protective equipment.
Inhalation	Move to fresh air. If symptoms persist, call a physician.
Skin Contact	Wash off immediately with soap and plenty of water for at least 15 minutes, removing all contaminated clothing and shoes. If skin irritation persists, call a physician.
Eye Contact	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses after initial flushing and continue. If symptoms persist, call a physician.
Ingestion	Do NOT induce vomiting. Rinse mouth and drink plenty of water. Never give anything by mouth to an unconscious person. Call a physician.
Most Important Symptoms/Effects	Hives.
Note to Physicians	May cause sensitization in susceptible persons. Treat symptomatically.

Suitable Extinguishing Media	Dry chemical, carbon dioxide (CO2), water spray, alcohol-resistant foam.
Special Hazards	Combustible liquid. Risk of ignition; sensitive to static discharge. Thermal decomposition can release irritating gases and vapors. Keep product and empty container away from heat and sources of ignition.
Protective Equipment	Wear self-contained breathing apparatus (pressure-demand, MSHA/NIOSH approved or equivalent) and full protective gear.

Personal Precautions	Use personal protective equipment. Avoid contact with eyes and skin. Evacuate personnel to safe areas; keep people away from and upwind of spill. Remove all sources of ignition and take precautionary measures against static discharge.
Environmental Precautions	Prevent entry into waterways, sewers, basements or confined areas. Do not flush into surface water or sanitary sewer system.
Methods for Containment/Cleaning Up	Prevent further leakage or spillage if safe to do so. Soak up with inert absorbent material; pick up and transfer to properly labeled containers. Dike spill. Dispose of according to Section 13.

Protective Action Criteria (PAC)	No data available.		
Safe Handling	Ensure adequate ventilation; use only with appropriate exhaust ventilation. Do not breathe vapors or mist. Ground all metal equipment to avoid ignition of vapors by static discharge. Keep away from heat, sparks and open flame. No smoking.
